

Surgical Site Infection Graphs for All Types of SSIs in All Locations

Example Hospital

Contents

- Rate of SSI following Colon Surgery from 1/1/2010 - 12/31/2010 by Hospital - All Risk Indices - (Hospitals with greater than 4,000 total procedures - All SSI - All Locations)
- Rate of SSI following Colon Surgery from 1/1/2010 - 12/31/2010 by NHSN Risk Index - Example Hospital - (All SSI - All Locations)

- Rate of SSI following Total Knee Replacement from 1/1/2010 - 12/31/2010 by Hospital - All Risk Indices - (Hospitals with greater than 4,000 total procedures - All SSI - All Locations)
- Rate of SSI following Total Knee Replacement from 1/1/2010 - 12/31/2010 by NHSN Risk Index - Example Hospital - (All SSI - All Locations)

- Rate of SSI following Total Hip Replacement from 1/1/2010 - 12/31/2010 by Hospital - All Risk Indices - (Hospitals with greater than 4,000 total procedures - All SSI - All Locations)
- Rate of SSI following Total Hip Replacement from 1/1/2010 - 12/31/2010 by NHSN Risk Index - Example Hospital - (All SSI - All Locations)

- Rate of SSI following Vaginal Hysterectomy from 1/1/2010 - 12/31/2010 by Hospital - All Risk Indices - (Hospitals with greater than 4,000 total procedures - All SSI - All Locations)
- Rate of SSI following Vaginal Hysterectomy from 1/1/2010 - 12/31/2010 by NHSN Risk Index - Example Hospital - (All SSI - All Locations)

- Rate of SSI following Abdominal Hysterectomy from 1/1/2010 - 12/31/2010 by Hospital - All Risk Indices - (Hospitals with greater than 4,000 total procedures - All SSI - All Locations)
- Rate of SSI following Abdominal Hysterectomy from 1/1/2010 - 12/31/2010 by NHSN Risk Index - Example Hospital - (All SSI - All Locations)

- Rate of SSI following Spinal Fusion from 1/1/2010 - 12/31/2010 by Hospital - All Risk Indices - (All SSI - All Locations)
- Rate of SSI following Spinal Fusion from 1/1/2010 - 12/31/2010 by NHSN Risk Index - Example Hospital - (All SSI - All Locations)

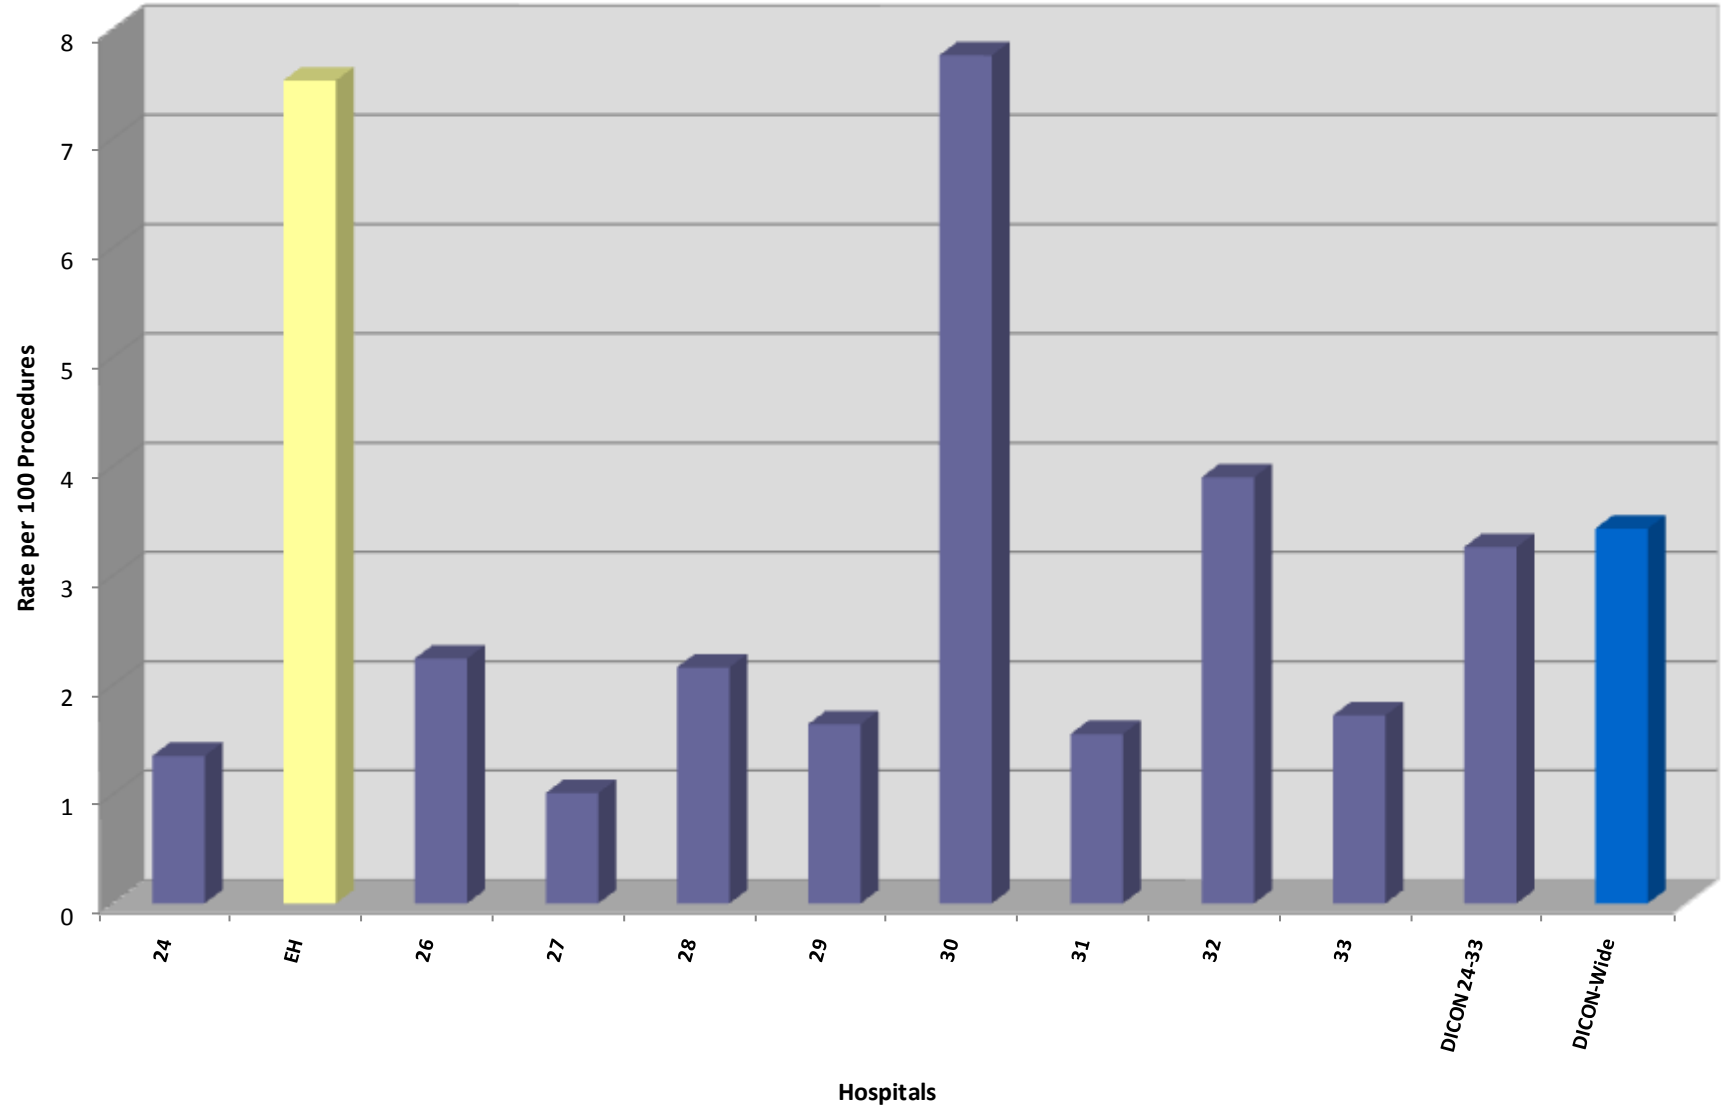

Note: Graphs not included in this reporting period due no reported procedures from your hospital:

Coronary Artery Bypass Graft

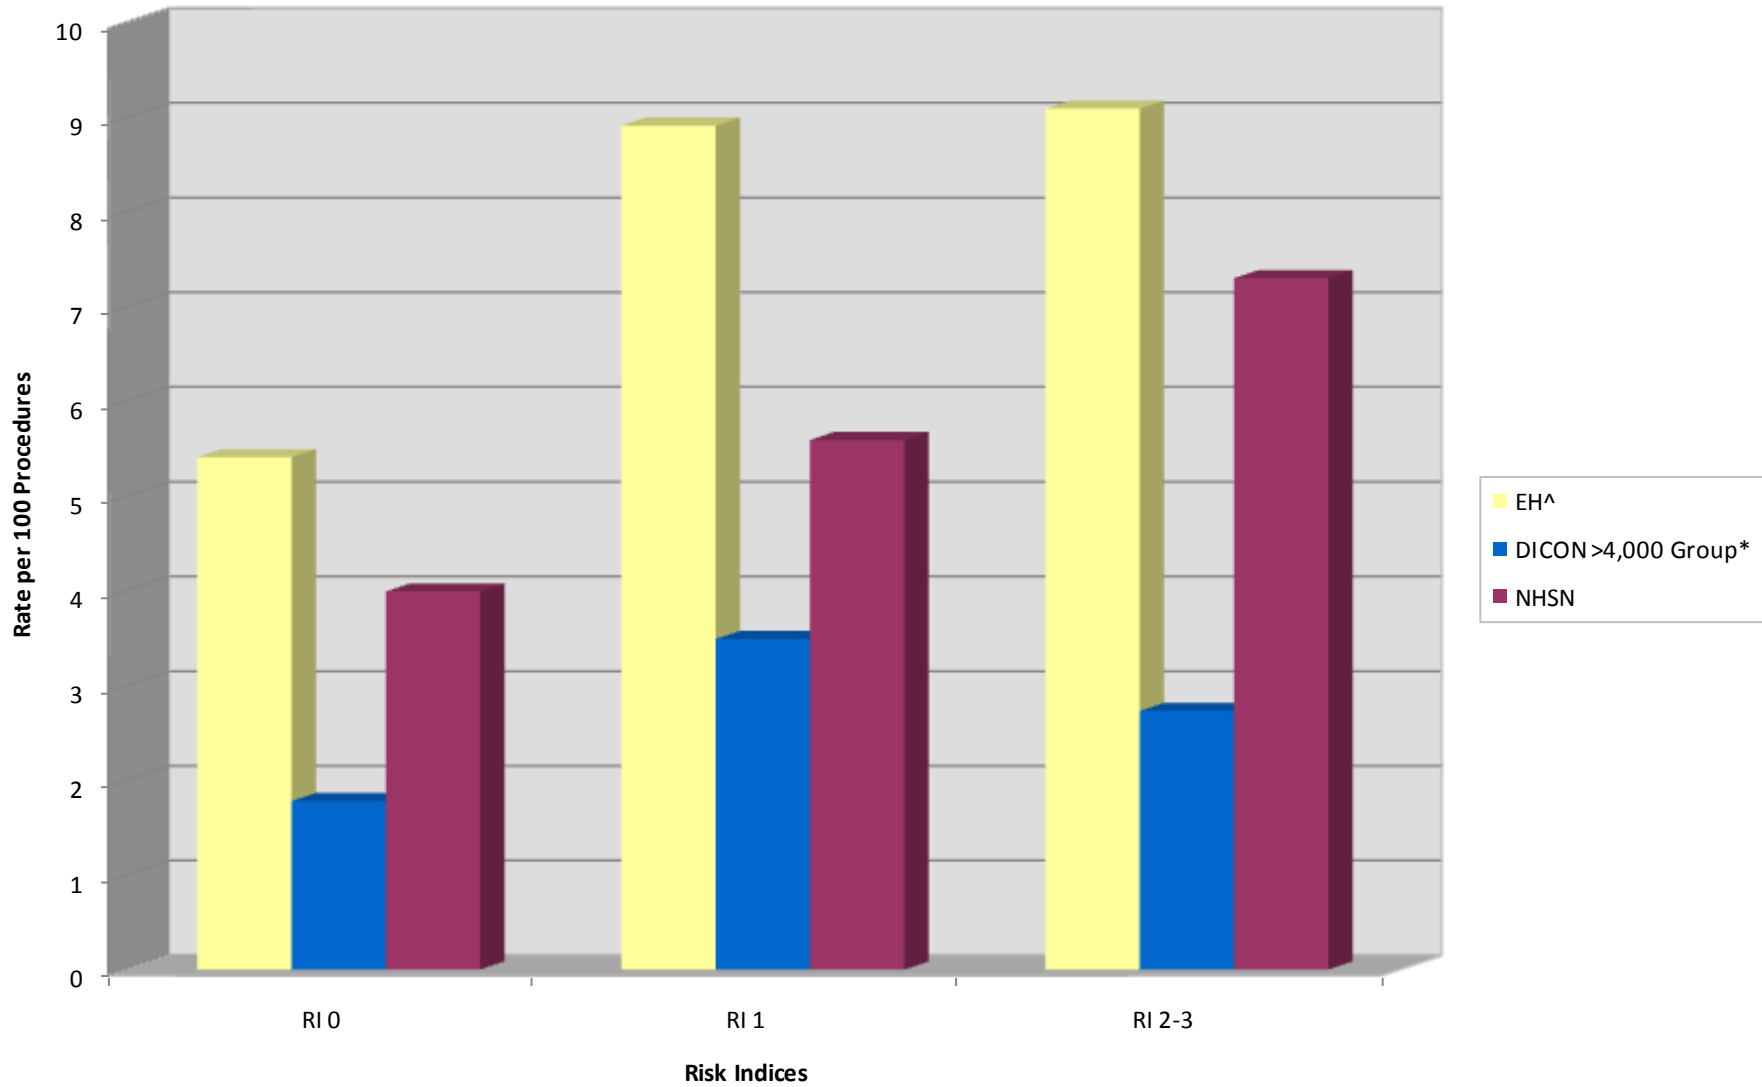

Cesarean Section

Hospitals with less than 20 cases for the specified procedure are not included.

Rate of SSI following Colon Surgery from 1/1/2010 - 12/31/2010 by Hospital
All Risk Indices
(Hospitals with greater than 4,000 total procedures - All SSI - All Locations)

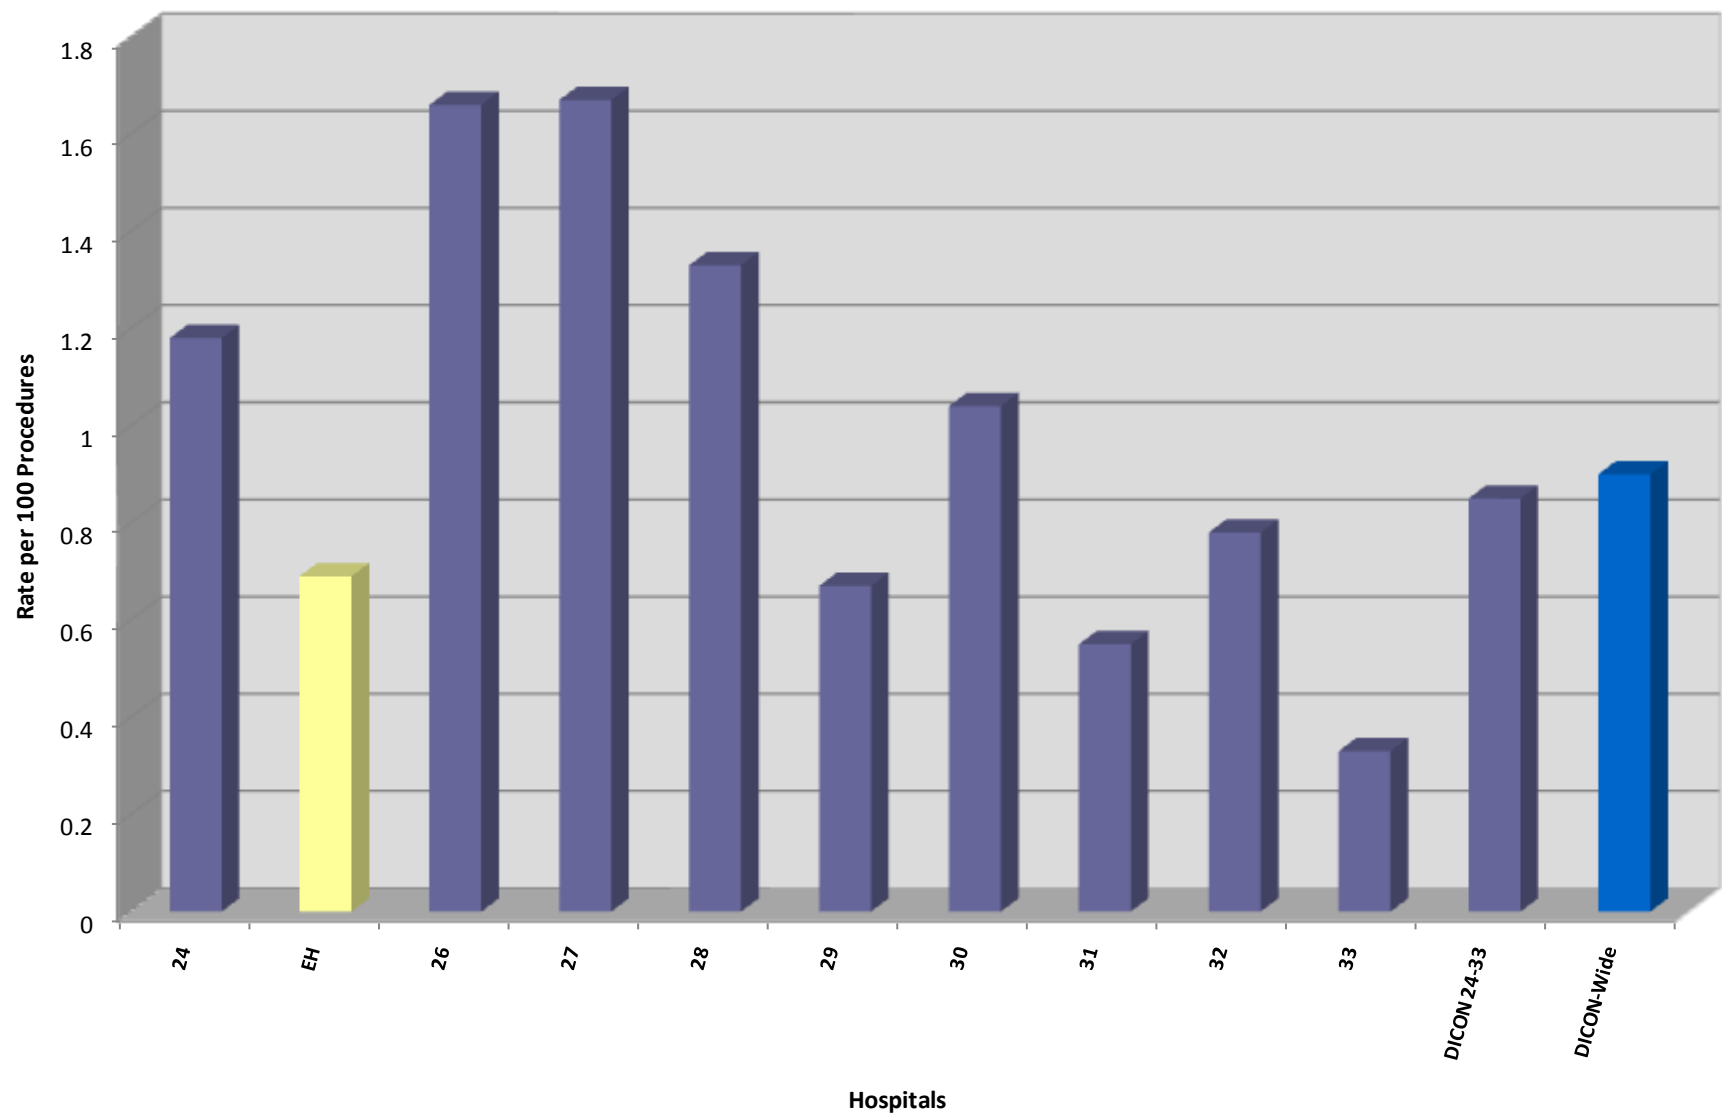

Rate of SSI following Colon Surgery from 1/1/2010 - 12/31/2010 by NHSN Risk Index
Example Hospital
(All SSI - All Locations)

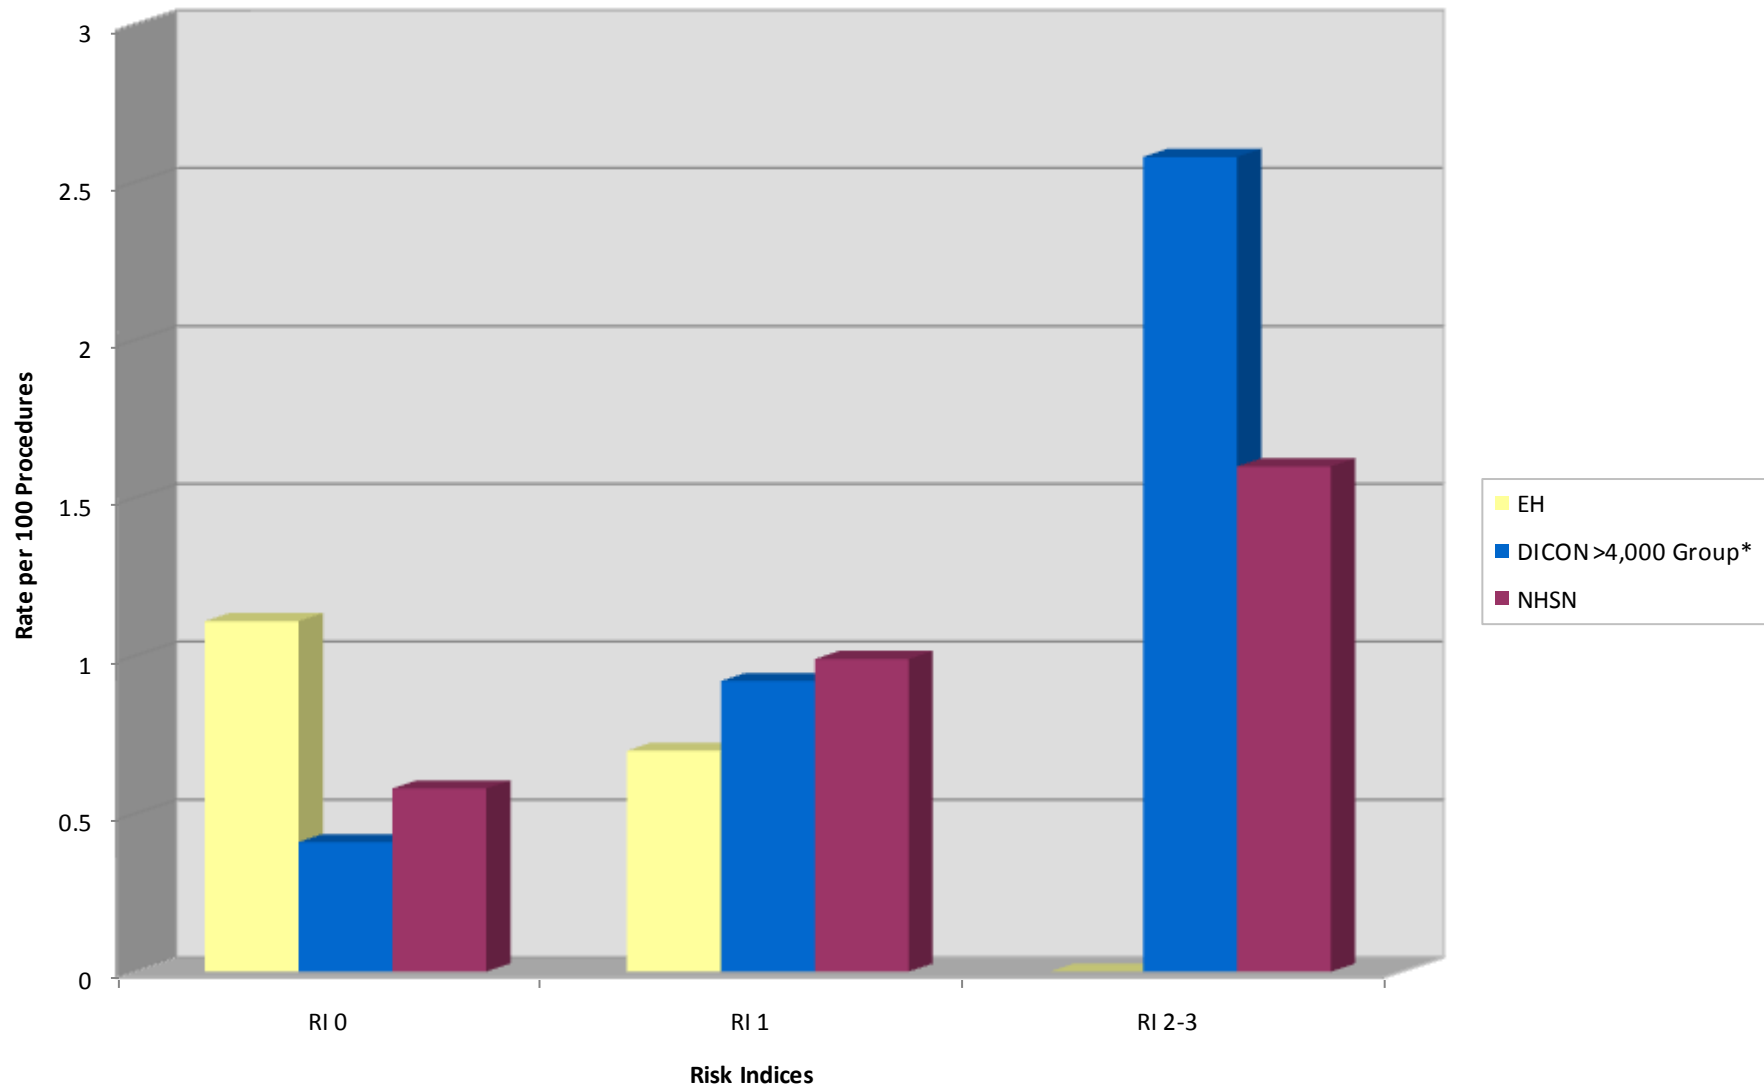

^ less than 20 procedures in risk index 2-3
* DICON average excludes EH for comparative purposes.

Rate of SSI following Total Knee Replacement from 1/1/2010 - 12/31/2010 by Hospital
All Risk Indices
(Hospitals with greater than 4,000 total procedures - All SSI - All Locations)

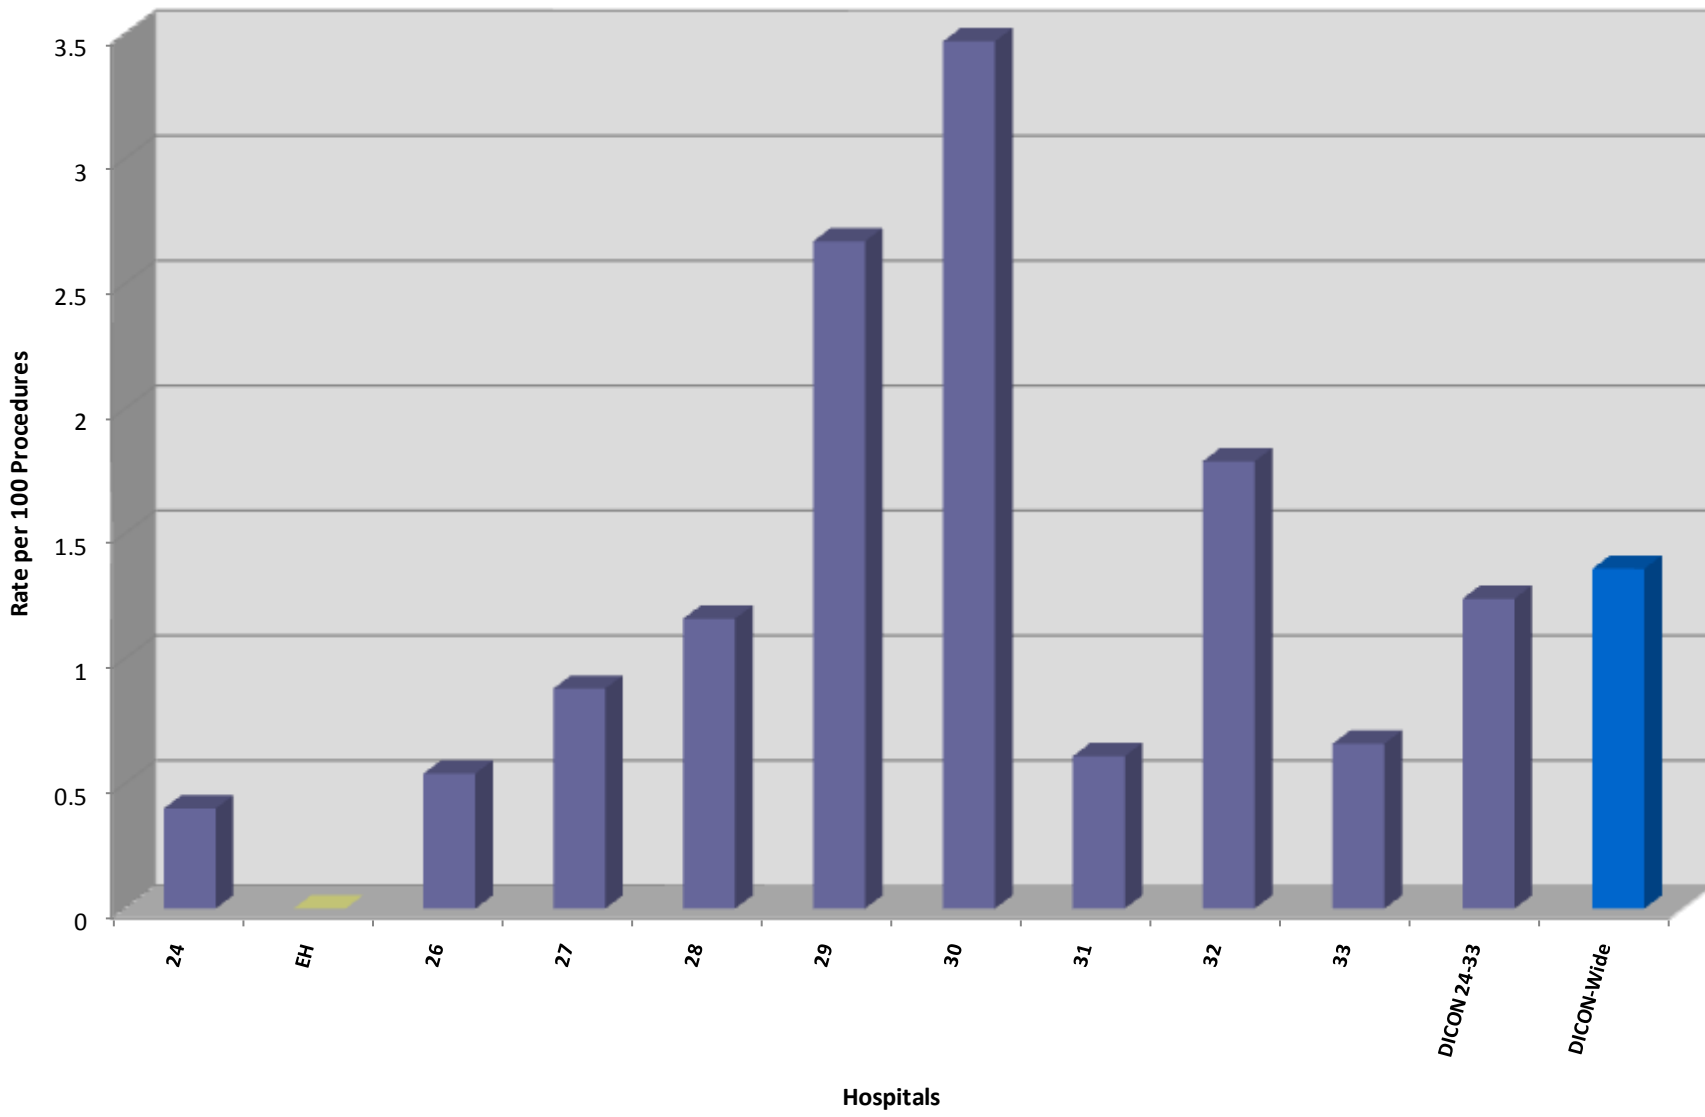

Rate of SSI following Total Knee Replacement from 1/1/2010 - 12/31/2010 by NHSN Risk Index
Example Hospital
(All SSI - All Locations)

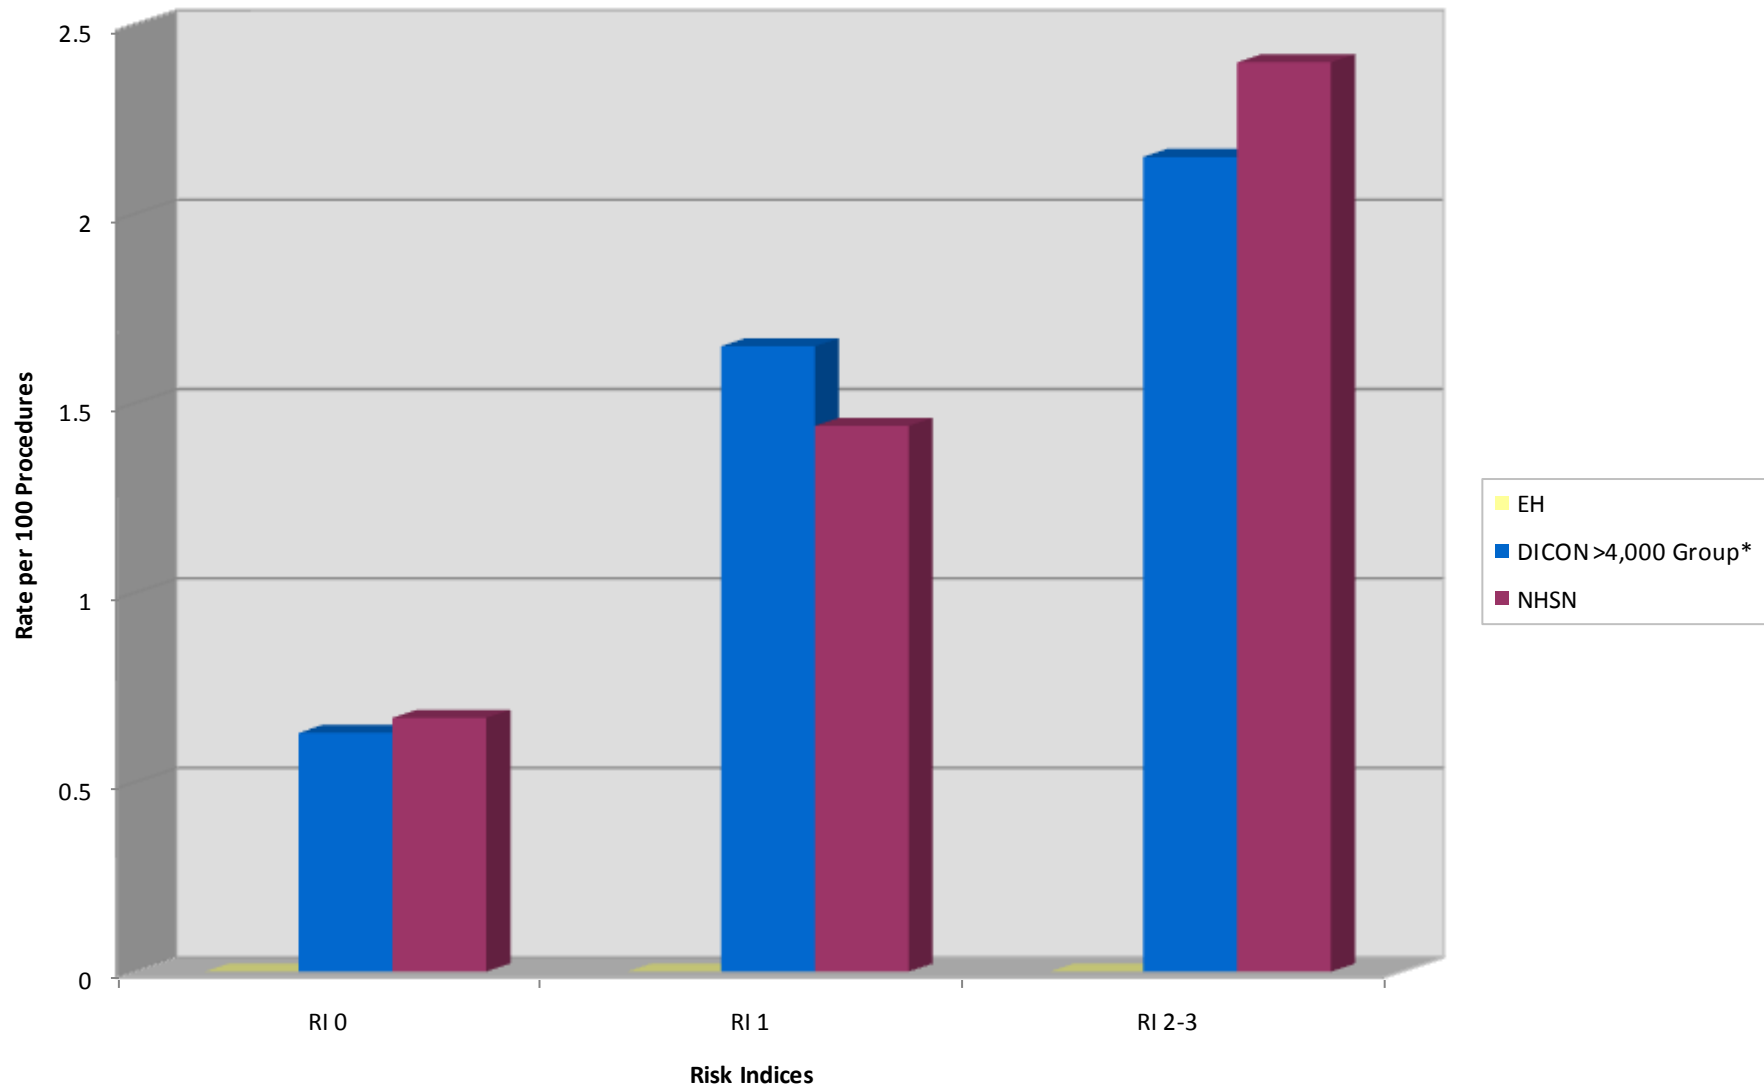

* DICON average excludes EH for comparative purposes.

Rate of SSI following Total Hip Replacement from 1/1/2010 - 12/31/2010 by Hospital
All Risk Indices
(Hospitals with greater than 4,000 total procedures - All SSI - All Locations)

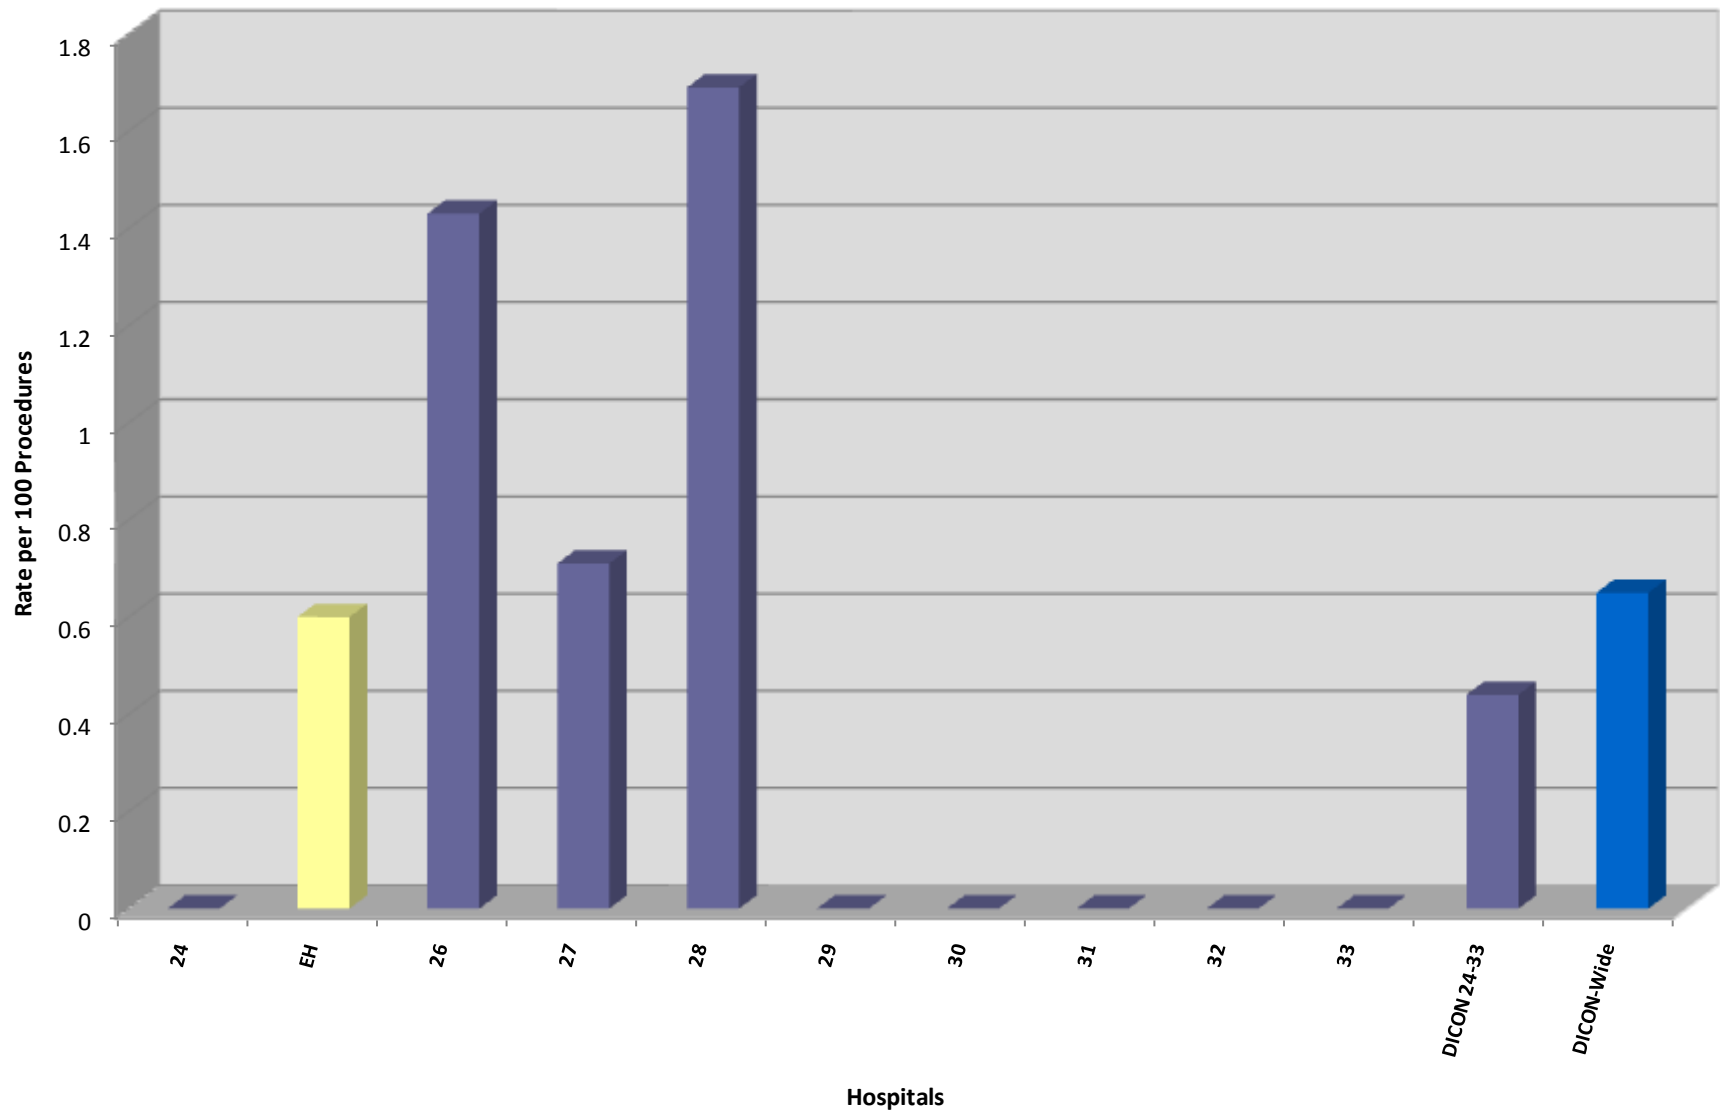

Rate of SSI following Total Hip Replacement from 1/1/2010 - 12/31/2010 by NHSN Risk Index
Example Hospital
(All SSI - All Locations)

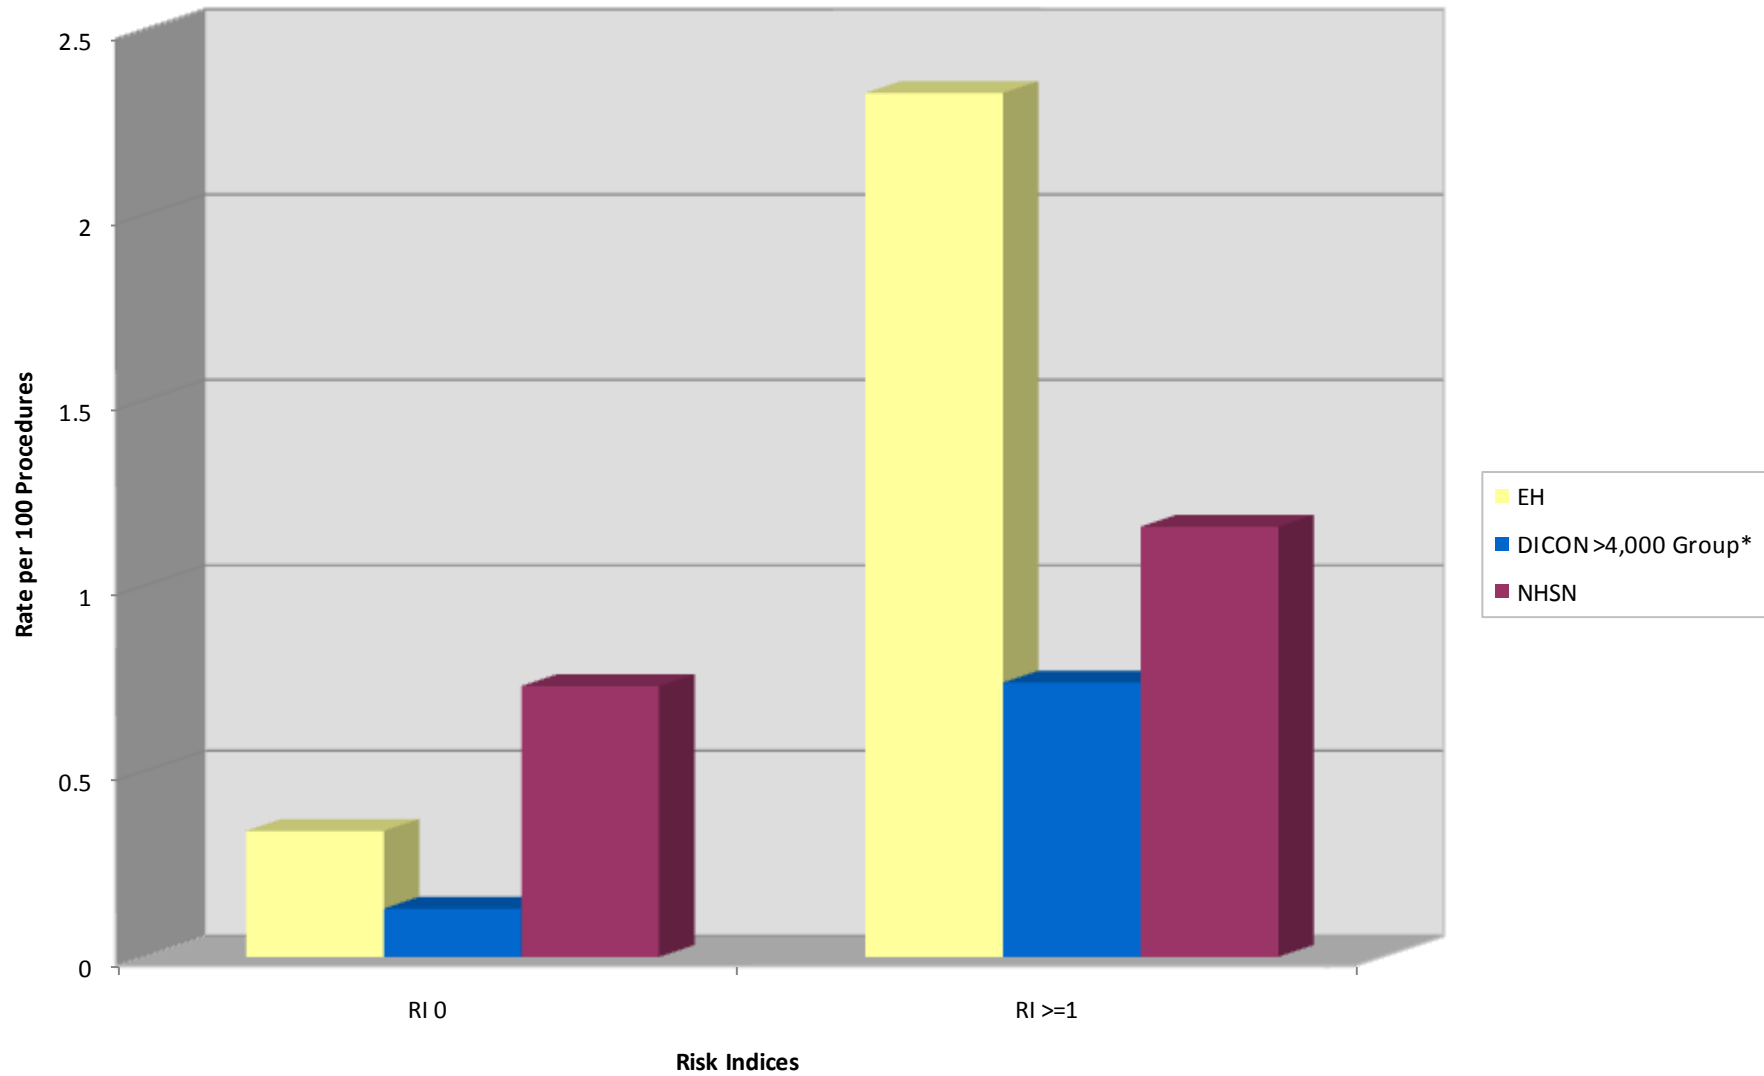

* DICON average excludes EH for comparative purposes.

Rate of SSI following Vaginal Hysterectomy from 1/1/2010 - 12/31/2010 by Hospital
All Risk Indices
(Hospitals with greater than 4,000 total procedures - All SSI - All Locations)

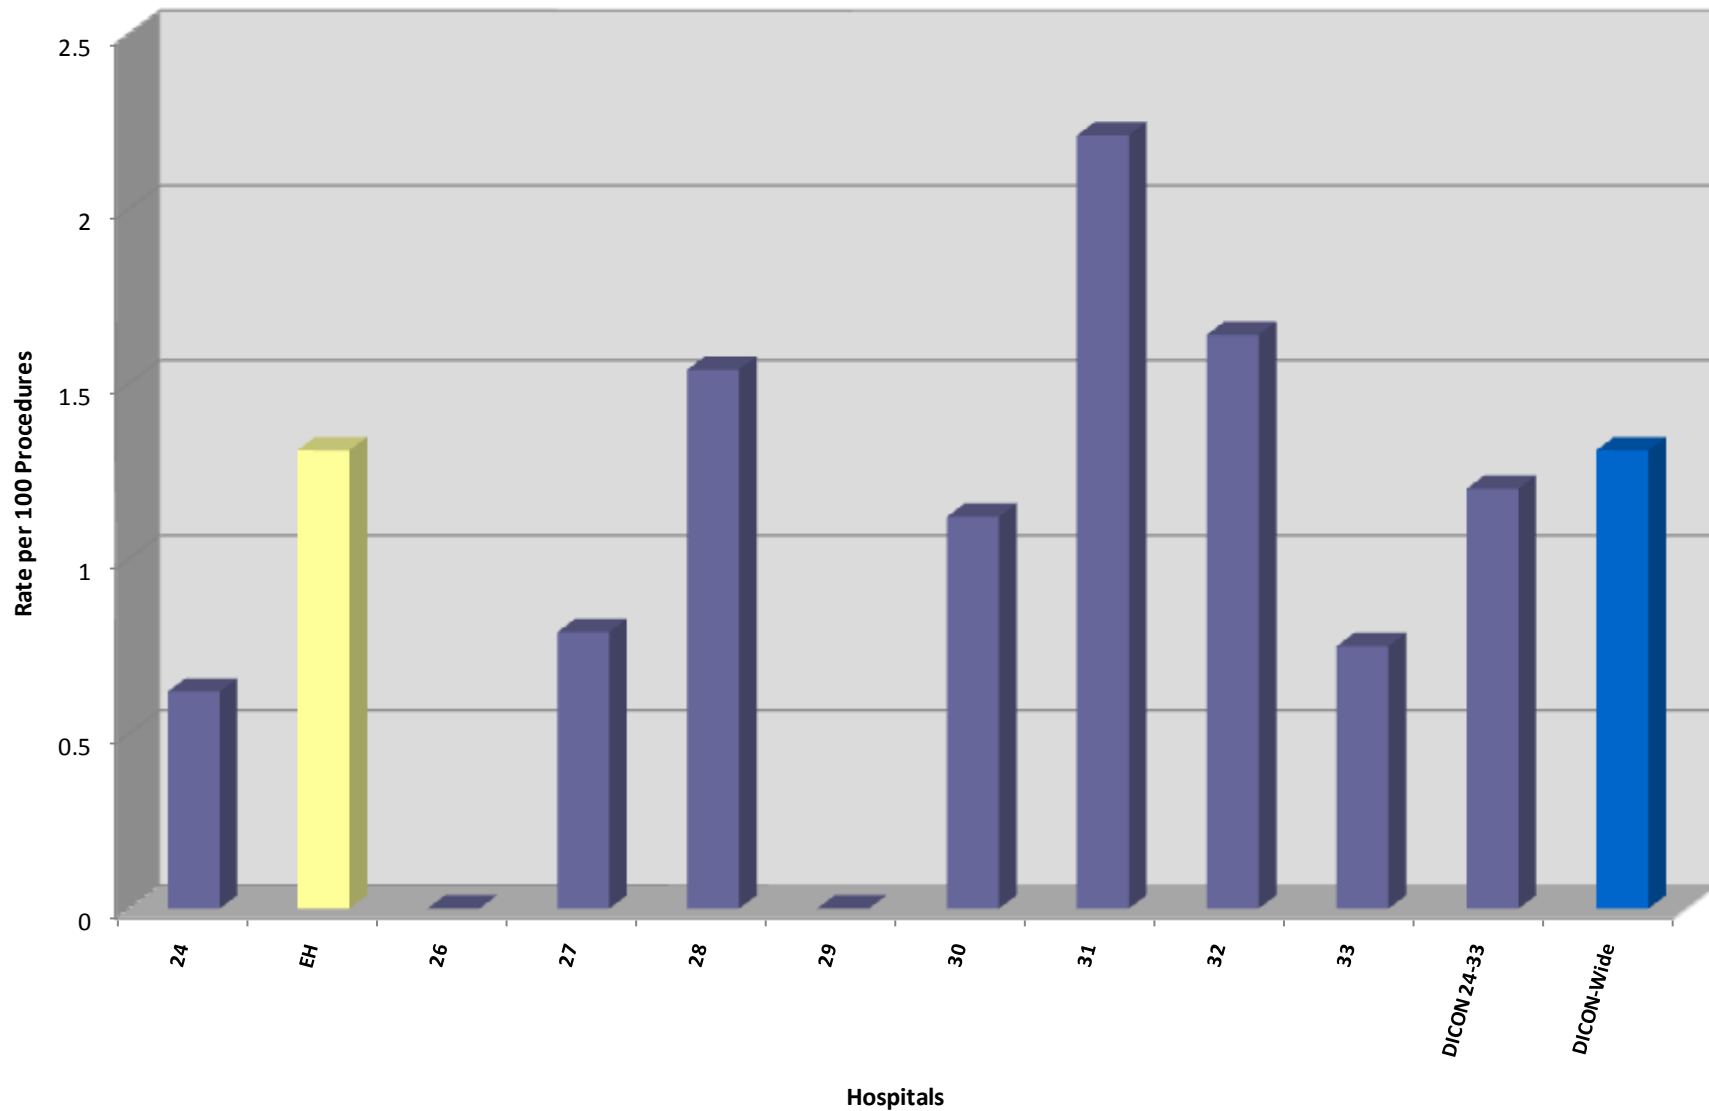

Rate of SSI following Vaginal Hysterectomy from 1/1/2010 - 12/31/2010 by NHSN Risk Index
Example Hospital
(All SSI - All Locations)

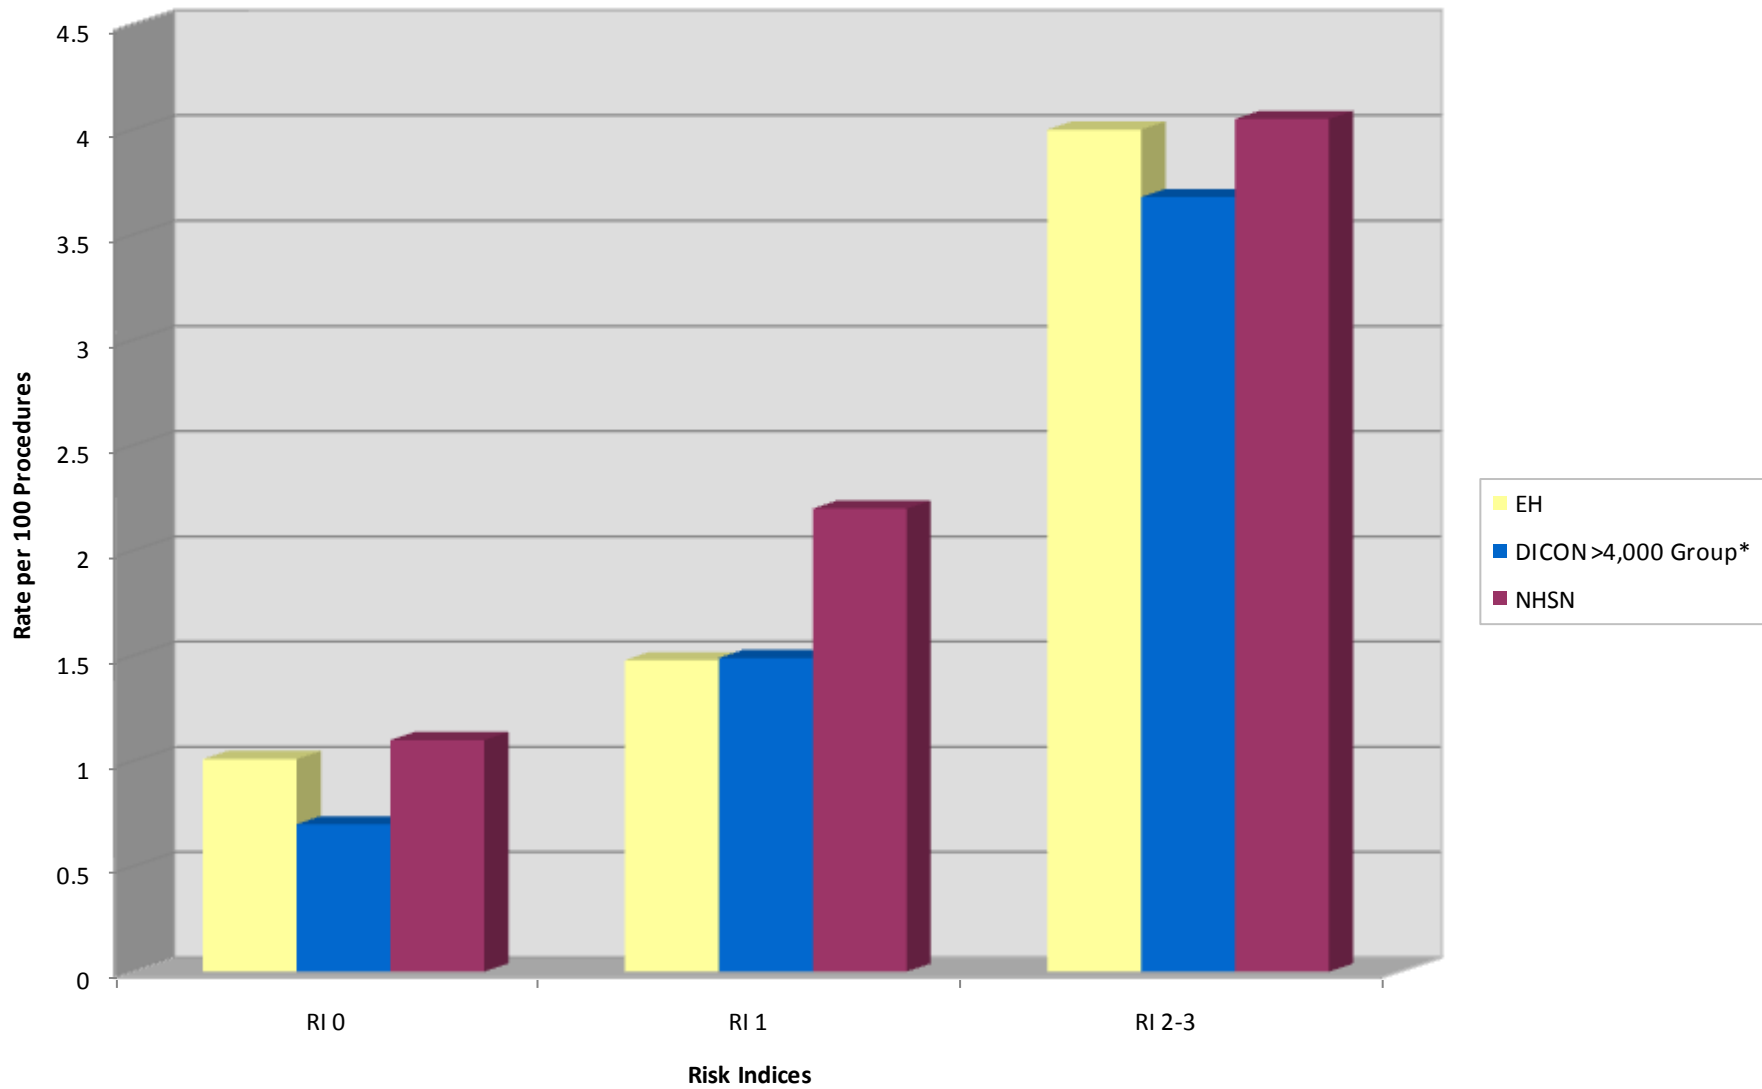

* DICON average excludes EH for comparative purposes.

Rate of SSI following Abdominal Hysterectomy from 1/1/2010 - 12/31/2010 by Hospital
All Risk Indices
(Hospitals with greater than 4,000 total procedures - All SSI - All Locations)

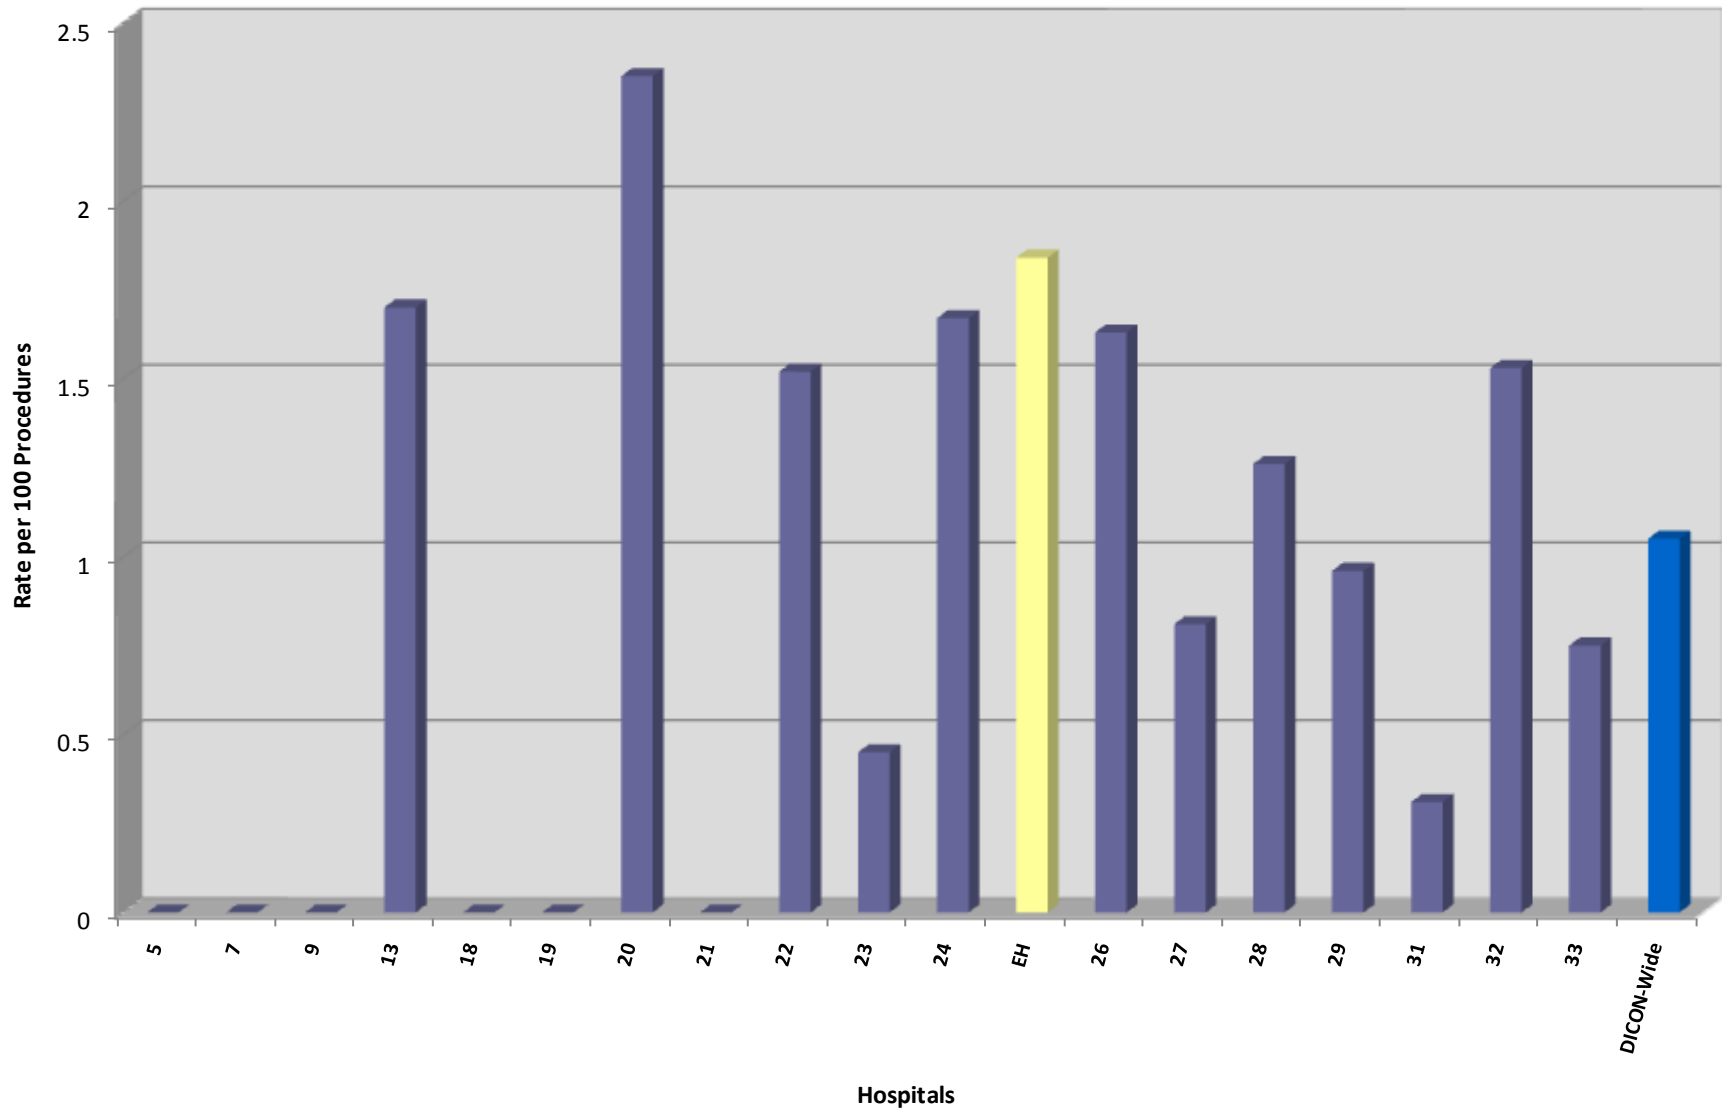

Rate of SSI following Abdominal Hysterectomy from 1/1/2010 - 12/31/2010 by NHSN Risk Index
Example Hospital
(All SSI - All Locations)

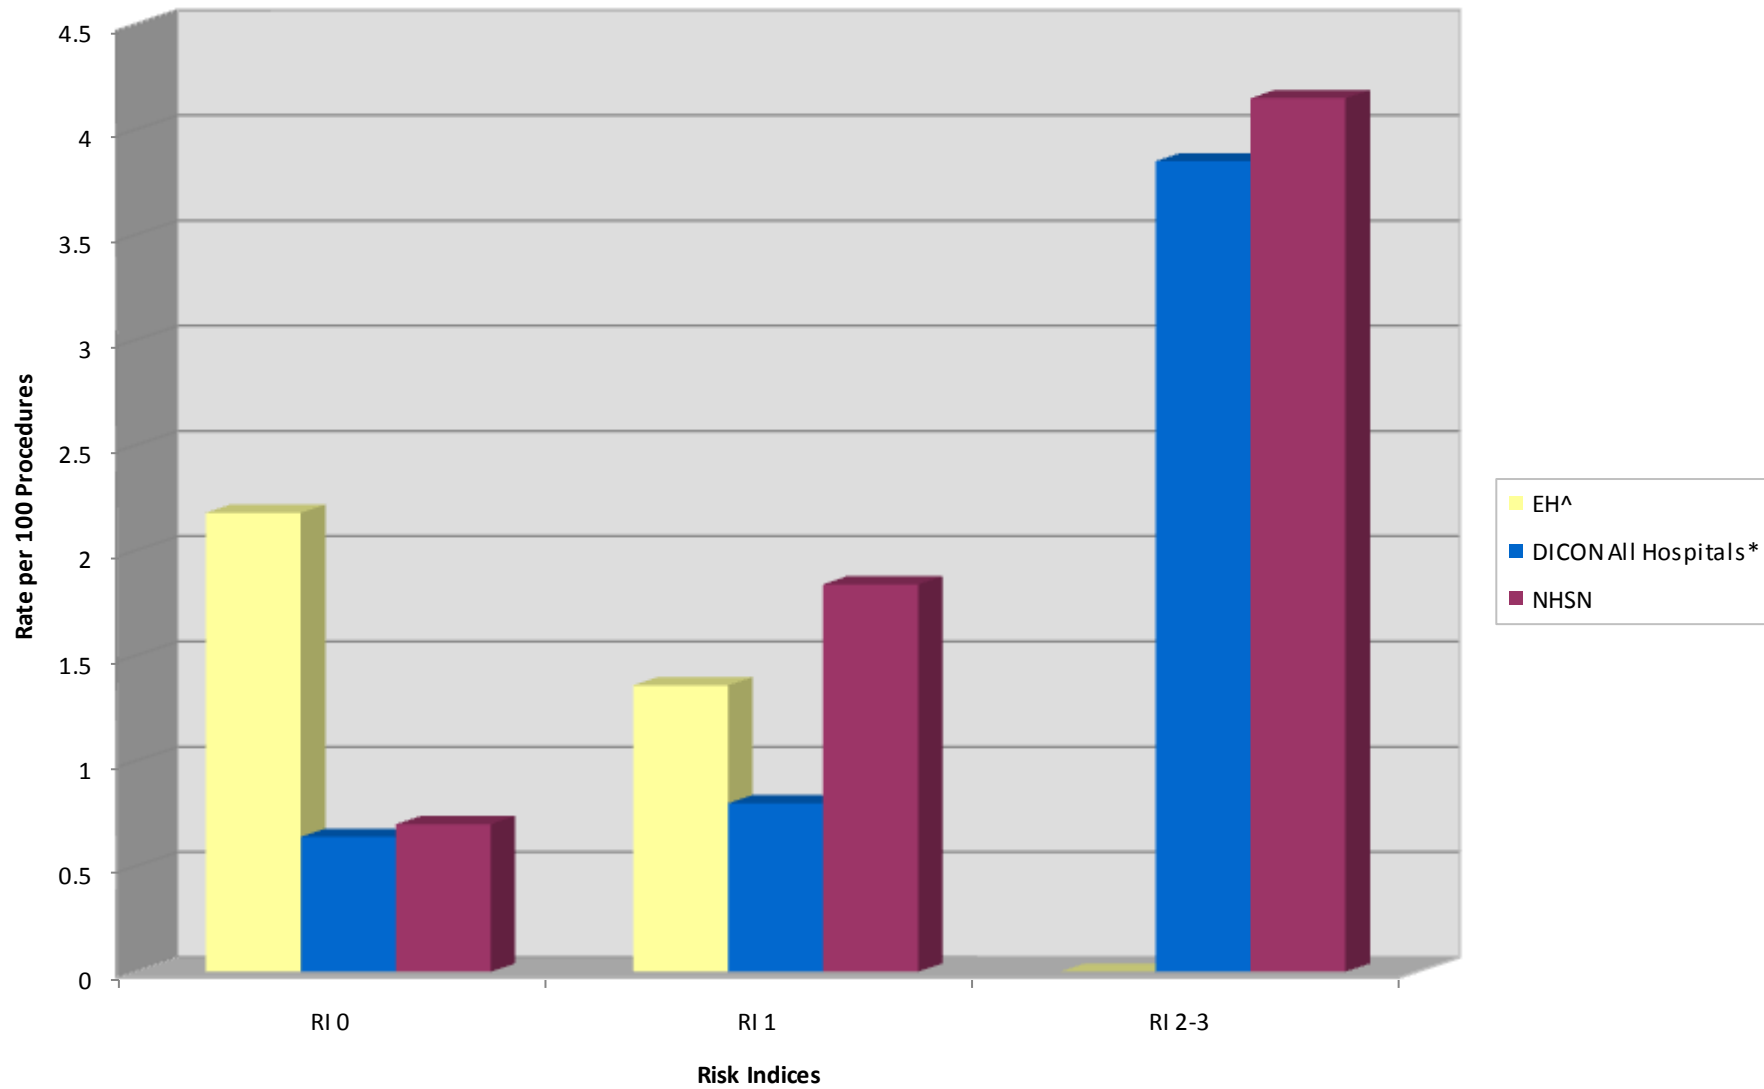

* DICON average excludes EH for comparative purposes.

Rate of SSI following Spinal Fusion from 1/1/2010 - 12/31/2010 by Hospital
All Risk Indices
(All SSI - All Locations)

Rate of SSI following Spinal Fusion from 1/1/2010 - 12/31/2010 by NHSN Risk Index
Example Hospital
(All SSI - All Locations)

^ less than 20 procedures in risk index 2-3
* DICON average excludes EH for comparative purposes.
